

Accountant – part time

At Stiesdal A/S we offer the opportunity to make a real difference in the fight against climate change. Our team of creative thinkers are making true impact and joining us could be the most exciting and fulfilling step in your career.

Are you up for the challenge?

We are currently looking for an experienced Accountant to process financial transactions in the parent company and its subsidiaries.

You will be part of our newly established Finance Team, currently consisting of a CFO and a Business Controller. You have a unique opportunity to make your own mark on processes and workflows as we build the finance function to match demands of the company's situation today and in the future.

You will work with and support the Stiesdal organization in our work to develop and commercialize technologies with high impact on climate change mitigation.

Core responsibilities

You will play a vital role in our accounting activities and in providing the financial transparency required to meet our strategic targets. You will be responsible for the daily bookkeeping and accounting for currently 5 companies, as well as year-end closing reporting in collaboration with auditors. In addition to this, you will help with the optimization and automation of work processes within the accounting function.

Other key tasks will include:

- End-to-end creditor management including accurate and timely payment to suppliers
- Project invoicing and recording payments
- Financial reconciliation of accounts
- Support period-end tasks and reporting
- Participating in ongoing cash flow management
- VAT accounting and settlements, tax, and other relevant filings

To succeed in this role:

To succeed in the role as Accountant it is important that you are structured, have a good overview, thrive with diverse and varied tasks and are enthusiastic about optimizing financial processes.

Furthermore, the following attributes are desirable:

- Relevant professional background with several years of experience with bookkeeping, accounting, and auditing
- You come from a similar position or have previously been self-employed as an accountant

- It is an advantage but not a requirement that you have previously worked with e-economic and Corpay

We expect you to approach your work with enthusiasm and to be self-driven, passionate, and committed. It is natural for you to take on responsibility and you are confident in taking a key role in complex tasks. You perform well in the dynamic environment of a start-up organization.

What we offer

We offer an exciting and versatile job working with a wide variety of tasks across our subsidiaries. You will get a job within a vibrant department where there is a friendly spirit. Our core values are honesty, integrity, and respect for people. We firmly believe in the fundamental importance of trust, openness, teamwork, and pride in what we do.

The working location is at our offices in Give.

About us

Stiesdal A/S is a new and fast-growing climate technology group with activities in floating off-shore wind, energy storage, Power-to-X hydrogen production and carbon capture and storage combined with green fuel production. Read more at www.stiesdal.com.
